

An essential toolkit for the high-performing school

WHY SCHOOL LEADERS ARE USING 4MATRIX

INSTANT RESULTS ANALYSIS

Import data directly from SIMS, CMIS or spreadsheets for instant analysis

"4Matrix has saved me hours of work"
- Les Glasby, Tending Technology College

PURPOSE DESIGNED TOOLKIT

Provides all your data analysis tools. No need to spend hours with Excel

"4Matrix is a very sophisticated tool."
- Gerald Haigh, Author TES, NCSL

COMPREHENSIVE REPORTING

Provides reports, commentaries and comparisons for every subject

"...highlights success and underachievement"
- Phil Grundy, Roval Docks School

SUPPORTS TEACHER RESEARCH

See instantly how selected groups of learners are performing

"The most useful diagnostic tool of my career"
- Peter Townrow, Redden Court School

SELF-EVALUATION EVIDENCE

Provides numerical evidence and commentaries for the SEF

"It is rocket fuel for the self-evaluating school"
- Tom Cassidy, Paddington Academy

LOOK INTO THE FUTURE

Evaluate achievement next year from current Y10 and Y11 grades

"...helped improve teaching and standards"
- Allan Foulds, Cheltenham Bournside School

'4Matrix sets a new standard for the management of school performance data'

Visit www.4matrix.org for more information

4Matrix is an essential, affordable, high-impact, professional toolkit for school leaders and data professionals.

4Matrix can be used all year round to analyse performance and forecast achievement for KS4 teaching groups.

4Matrix will produce detailed diagnostic reports for every subject. You can do a valuable **diagnostic forecast** now using your **Year 10 mock results**.

4Matrix is a networked application that is easily installed in minutes. 4Matrix easily exchanges data with an MIS and spreadsheets, and supports research into pupil achievement.

4Matrix can help schools raise standards by supporting teacher research into comparative achievement.

New features planned for 2010/11

- **Progress Monitoring tools**
- **Lesson Evaluation scheme**
- **Extended Reporting tools**

Professional Tools for school leaders

"Data professionals need a range of tools in their toolbox. This one is the best."
